

Pull Out Disconnect Switches

Applications:

Air conditioners	Refrigeration
Heat Pumps	Hot tubs
Mini-Split A/C systems	Swimming Pools
Lighting	Spas
Pumps	Miscellaneous

Part #	Type	Enclosure	Amps
W-PDS-N60	Nonfused	Metallic	60
W-PDS-F30	Fusible	Metallic	30
W-PDS-F60	Fusible	Metallic	60
W-PDN-N60	Nonfused	Nonmetallic	60
W-PDN-F30	Fusible	Nonmetallic	30
W-PDN-F60	Fusible	Nonmetallic	60
W-MBS-60	Circuit Breaker	Metallic	60

Specifications:

- UL and cUL listed
- Intended for 208/240VAC Single Phase Circuits
- All copper contacts
- Multiple knockouts on all sides, slotted holes for easy wall mounting
- Puller may be stored inside the enclosure for non-fusible units
- Fusible switches accept Class H fuses (not included)
- NEMA 3R raintight enclosure, powder coated galvanized steel
- Tested to 1000 hours of salt spray
- Deadfront panel separating user from live components
- Removable cover with padlock tab
- Circuit Breaker type includes 2 pole UL-489 MCB
